

25<sup>TH</sup> ANNUAL  
**APACHE  
HOMESCHOOL  
CONVENTION**

APRIL 25-26, 2014

GRACE PRESBYTERIAN CHURCH, PEORIA, IL

**We are so excited for our 25th convention** and are celebrating with incredible speakers, a new venue and discounted pricing. We want to remember God's mercy and faithfulness that allows the freedoms we have, and are inspired by the pioneers who have paved the way before us. APACHE is honored to continue the mission of Christian Home Education and we hope you will join us!

**Vicki Bentley** is the mother of eight daughters, foster mom of over fifty, and grandma to nineteen wonderful grandbabies. She is the author of many homeschool and homemaking helps (see [www.everydayhomemaking.com](http://www.everydayhomemaking.com)), support group leader, and HSLDA's Toddlers to Tweens consultant and Group Services director. Vicki has a heart for parents, with practical wisdom and encouraging words.

**Becky Cooke**, an HSLDA High School consultant, and her husband, Jim, live in Northern Virginia where they homeschooled their three children from kindergarten until college. Today her children are enjoying careers in law, software development, and medicine. Besides consulting, she co-authors articles on high school topics for homeschool magazines, "how-to" brochures, and monthly high school email newsletters that reach homeschooling families nationwide.

**MP3 RECORDING:** Most workshops and Friday's keynote will be recorded and available for purchase as a complete set during (and after) the convention for \$45. MP3's will be mailed as soon as possible. Please note: some active workshops (Art Seminars, DNA) will be hard to hear and follow. Philip Telfer's documentary will not be recorded.

We are thrilled that Grace Presbyterian Church has agreed to host our convention this year! There are a number of restaurants nearby, or you are welcome to bring your own food. Food must only be eaten in the dining areas on the main floor (or outside, weather permitting). Grace has also requested that while water bottles with lids/caps are allowed in the classrooms, no liquid of any kind is allowed in the sanctuary (which will be the keynote room). We hope you will show your appreciation for the wonderful facilities by respecting these requests.

**Subscribers get the BEST price! Register early and pay only \$25/couple!**

**Dr. Tommy Mitchell** has been a speaker and writer for Answers in Genesis since 2005. He has a degree in cell biology, as well as a doctorate in medicine. Once an evolutionist, now a creationist, he has a burden to share the message of biblical authority and equip Christians to defend their faith.

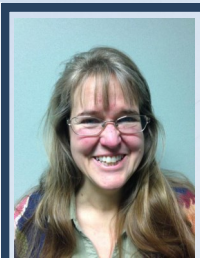

**Sharon Jeffus** has a B.S.S.E. in Art Education from John Brown University. She studied painting at Metropolitan in Denver and sculpting at Southern Illinois University. Sharon taught in the public schools for ten years, then left the public school system to write over twenty books, travel and homeschool her two sons. She developed the Visual Manna teaching method where art is integrated with art appreciation, techniques, vocabulary and core subjects.

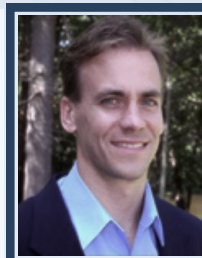

**Phillip Telfer** is the director of Media Talk 101, which he founded in 2005. He is an author, director of the documentary Captivated which won Runner-Up for Best Documentary at the San Antonio Film Festival, and singer/songwriter, as well as a national speaker. He and his wife, Mary, enjoy their 20 years of marriage and 4 children.

**Hope Ware**, a life-long Central Illinois resident, has been married to Larry for 25 years. After a 12 year career in Christian radio, Hope became a stay-at-home Mom to four sons, ranging in age from 17 to 6, and has been homeschooling for 13 years. She loves to write and speak, using a comedic edge to make serious points.

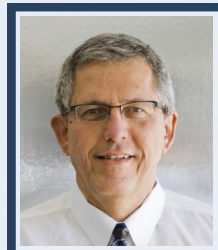

**James Glenn** is a teacher at heart who coaches students to focus, decide and succeed. As National Admissions Director for CollegePlus, he enjoys helping students find their calling and become the best they can be.

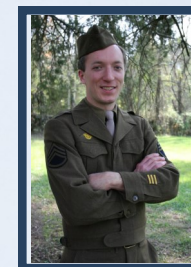

**Craig Hane, Ph.D., aka Dr. Del**, is the founder and creator of Triad Math Inc. A seasoned math professor, Craig has taught students of all ages for over 50 years.

**Angela Beddingfield** has her bachelor's degree in elementary education with a licensure in gifted education. Her graduate work is educational psychology/gifted education. Her husband, Tim, is the pastor of Cedar Hills Baptist Church, and they have three children. She loves to teach, be with her family, serve in her church, and be with people of any age.

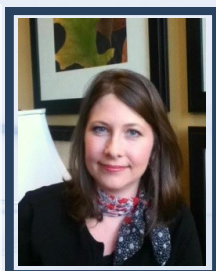

**Dr. Roger Fitch** has been providing behavioral optometry, an expanded area of optometric practice that uses a holistic treatment of vision and vision information problems, for over 30 years. His special interests include developmental vision training in children, and rehabilitation after traumatic injuries. He and his wife, Beth, have four children.

**John Notgrass** is a speaker, musician, author, and historical actor, as well as the Business Manager for Notgrass Company. His goal is to challenge believers to grow in their understanding and appreciation of who God is and what he has done for us.

**Kelli Christenberry** is a home education advocate and Charlotte Mason enthusiast. She initiated and facilitates the Peoria area Charlotte Mason Study group. Kelli and her husband, Randall, have been home educating their 3 children for 13 years and have served on the APACHE board. Kelli likes traveling, being outside and sharing ideas at [www.gracefultought.blogspot.com](http://www.gracefultought.blogspot.com).

New Patients Welcome!

**Nancy Bjorkman's** 20+ years of homeschool experience and her enthusiastic encouragement make her a popular speaker nationwide. The Bjorkmans own Heppner's Legacy homeschool store in Minnesota, where they minister to homeschool families year round.

# Friday Workshop Sessions

**Y** Denotes workshop geared for youth 12+

## Session 1 9:00-10:00 am

**Jeannie Fulbright-Encouraging Success in Your Children**-Create an atmosphere that draws our children's hearts to God, recognizes their unique talents and gifts, and empowers them to take responsibility. Also covered are the unmotivated child and the struggling learner.

**James Glenn-How a Hacker Does College**-Less Time and Money & Better Education-Come learn shortcuts and practical how-to tips so you can beat the system and get a great education at the same time.

**Tommy Mitchell-Worshipping the Creator God**- is a presentation about using "Creation evangelism" to reach a culture increasingly skeptical of the Bible and its authority.

**YSharon Jeffus/Visual Manna-Basic Art Seminar I**-all day Friday class. Please bring colored pencils & markers.

**Phillip Telfer-Media Choices: Convictions or Compromise?** Need help raising children in a media saturated society (video games, Facebook, YouTube, texting)? Come hear how you can fight the media giant in your life using Biblical principles instead of legalistic rules.

**Hope Ware-New to Homeschooling**-Specially designed for those who are new to - or considering - homeschooling. We'll cover topics like: Why homeschool? selecting curriculum, scheduling, engaging younger siblings, and more. Fathers are encouraged to attend too!

**John Notgrass-One Soldier's Story**-John's grandfather Wesley Notgrass (1915-2007) joined the US Army in 1941. Based on his grandfather's recollections and wearing his uniform, John steps into character to share Wesley's life story in a first-person narrative, from growing up in the 1920s & 30s through his experiences during the war.

## Session 2 11:00-12:00 am

**Rob Rienow-Raising Siblings With Kingdom Vision**-What is your vision for how your children get along? Dr. Rienow will encourage you to capture a distinctively Christian vision for sibling relationships, and how you can help your children grow together in Christ.

**Becky Cooke-Building on a Sure Foundation: Staying the Course Through High School**-I'll encourage and challenge you to explore the steps you should take as you weigh the possibility of teaching high school at home.

**YSharon Jeffus/Visual Manna-Basic Art Seminar II**

**Vicki Bentley-Multi-Level Teaching**-One child seemed easy, but adding more can make homeschooling feel like a zany plate-spinning act. Vicki shares ideas for keeping the homeschooling "plates" from crashing to the floor!

**Craig Hane-Developing a Great Attitude Toward Math** [*even those who dislike it!*] This workshop will introduce you to the Effective Math Education Triad and "SPIKE". Discover some resources that make this very easy for you regardless of your own math knowledge and abilities.

**Kelli Christenberry-Charlotte Mason 101**-Classic Literature, Living Books, Wonder of Science, Pageantry of History...an approach for ALL ages. We'll discuss the foundational ideas and terms of a Charlotte Mason approach.

**Dr. Roger Fitch-Vision-Its Implications on Learning & Reading**-Does your child have difficulty reading? Do words run together? Dr. Fitch brings hope and encouragement to parents and teachers using techniques including whole body coordination in addition to training the eyes to work as a team. Come be encouraged by an optometrist with over 30 years experience in vision therapy

**Nancy Bjorkman-Meal Management in an Age of Fast Food**-We'll look at the benefits and methods for once-a-month cooking as well as several other strategies for meal planning and preparation and the how-to's for getting it done.

## Session 3 1:00-2:00 pm

**Rob Rienow-The Power of Forgiveness**-Every family deals with sin and hurt. Find the biblical principles of true forgiveness - no pat answers or quick fixes here. Unless our families become experts in giving and receiving forgiveness, we will not grow as God intends.

**Becky Cooke-Developing a Plan for High School - Sample 4 Year Plan**-We'll look at 3 plans; evaluating credits; determining grades; transcripts and diplomas. This seminar will help you organize your thoughts and begin laying the groundwork for a viable four-year plan.

**Jeannie Fulbright-Solving Your Science Struggles**-In this talk, based on years of research, data, and experience, Jeannie shares her understanding of how science should be taught to elementary students.

**YSharon Jeffus/Visual Manna-Basic Art Seminar III**

**James Glenn-Homeschooling 2.0: Life Preparation**-Come think beyond the restrictions of traditional schooling and build a vision of home education that focuses on life preparation.

**Tommy Mitchell-Jurassic Prank-A Dinosaur Tale**-uses video clips from the movie Jurassic Park to show how the world indoctrinates us with evolutionary theories.

**Vicki Bentley-Getting Kids to Help at Home -Training in Diligence and Thoroughness**-This foster mom to almost 50 children will share practical helps that have enabled her to homeschool 17 children and still be able to open the front door to guests.

**John Notgrass-Teaching the Heart, Soul & Mind**-Students and parents love the rich, multi-disciplined content of Notgrass Curriculum. Learn how Notgrass Curriculum can help you teach the heart, soul and mind of your children in history, government, economics and art.

## Session 4 4:00-5:00 pm

**Rob Rienow-Family Worship - The Engine That Powers Your Family**-At the core of the Christian family is the practice of "family worship." We will walk through Deuteronomy 6, sharing principles and ideas for family worship - even if you have children with a wide range of ages.

**Jeannie Fulbright-Notebooking: Creativity With a Purpose**-This workshop explains how to give kids an easy, effective approach that enhances learning and retention of the subject, and a love for learning. Examples and visual aids make the information easy to understand and implement in your homeschool.

**Becky Cooke-High School Transcript Clinic Practical Help & Tips**-This practical seminar will teach you what high school records to keep. You'll be guided through transcript essentials, evaluation of credit, grading guidelines and scales, and calculation of GPA's. In addition, you'll receive sample transcripts depicting other formats for you to consider.

**Phillip Telfer-Handle With Care: Family Conflicts Over Media & Entertainment** -What do you do when you discover that your kids are digitally connected to nearly everything? Rediscover timeless Biblical principles that can be applied to modern family struggles.

**YSharon Jeffus/Visual Manna-Basic Art Seminar IV**

**James Glenn-Become a Fat Burning Machine - Raise Fit Kids**-Food choices affect how we feel and function. Learn cutting edge science and extreme athletics you can use in your home.

**Hope Ware-Homeschooling on a Shoestring: "Living, Learning, and Thriving Without Spending a Fortune"**-We'll look at tips for saving money by organizing your books and supplies, shopping used, finding FREEBIES, and how to get the biggest "bang for your buck" when purchasing curriculum.

**Craig Hane-Teaching Middle/High School Math Successfully** -You will learn about Dr. Del's Ten Tiered approach to teaching math to a wide array of students with different life objectives, and why the Standard Math Curriculum is failing many students.

# Saturday Workshop Sessions

**Y** Denotes workshop geared for youth 12+

## Session 5 8:30-9:30 am

**Jeannie Fulbright-Imparting a Christian Worldview**-How to be in the world, influencing the world, yet not "of the world." More than simply theoretical, this talk will encourage you with practical advice, real-life examples, and helpful tips.

**Becky Cooke-The Scoop on Tests for Teens** -Do you know the array of possible tests – from college admissions tests, tests for college credit, military enlistment, for certain scholarships, and even to career tests? Come and get questions answered about them.

**Tommy Mitchell-Do You REALLY Have Answers?**-is a fast paced discussion of many of the most asked questions about creation/evolution.

**Phillip Telfer-The Counterfeit Life: Entertainment's Deceptive Messages about Life to the Fullest** -Today's entertainment has become one of the biggest stumbling blocks to spiritual growth and family health in this generation.

**John Notgrass-Recollections of a Confederate Soldier**-John steps into Sam Watkins' character to share anecdotes from Sam's memoirs about that "unpleasant misconception of there being such a thing as a north and south."

**Vicki Bentley-Organized (Well, almost!) Time Management for Busy Moms** – Do you sometimes struggle with keeping the house somewhat presentable, teaching, AND getting dinner on the same day you homeschool? Come hear practical ideas.

**James Glenn-Guiding Your Child Through Discover, Direction, Decision**-Many young adults admit feeling overwhelmed by the number of choices they face. Parents can walk with their children through these decisions by asking the right questions.

**Hope Ware-New to Homeschooling**-Specially designed for those who are new to – or considering – homeschooling. We'll cover topics like: Why homeschool? selecting curriculum, scheduling, engaging younger siblings, and more. Fathers are encouraged to attend too!

## Session 6 10:00-11:00 am

**Rob Rienow-Visionary Marriage**-Perhaps the best gift you can give your children is a growing and faithful marriage. This workshop is a "crash course" on the biblical purposes for marriage. Husbands and wives will be encouraged with how their positive, unique, and God-given roles can bless their family for generations to come - and advance God's Kingdom!

**Phillip Telfer-Analyzing Movies and Other Entertainment from a Biblical Worldview**-Entertainment is not neutral. All media has a message and those messages can have an impact in our lives for good or for bad.

**Tommy Mitchell-Modern Medicine & Ancient Authority**-refutes the claim that belief in evolution is necessary for the proper practice of medicine. In fact, it has actually hindered the progress of medicine, and continues to do so. (*High School – adult*)

**James Glenn-Equipping Your Child for a Focused Future**-Join us as we talk about tools parents can use to train future generations to become the focused leaders of the information age.

**Sharon Jeffus-Teaching Art at Home**-Learn the elements and principles of art, teach children how to make things look real, where to access master works of art for free, how to keep a sketchbook, and save money on art supplies.

**YAngela Beddingfield-Cells Charged & Ready to Ring**-We will have hands-on experiments and teaching that will amaze you as you see the intricate details that God has created our bodies to use every day.

**Craig Hane-Students Not Doing STEM-Prepare For The SAT/ACT** -Learn what to teach and what not to teach a student to excel on these standardized tests. You'll also be introduced to great \$15 textbook for high school math.

**Nancy Bjorkman-Engaging Early Learners**-This fun session will provide a comprehensive overview of learning styles and teaching methods specifically geared to pre-school and elementary-age children.

## Session 7 1:00-2:00 pm

**Rob Rienow-Never Too Late: Encouraging Faith in Teens & Young Adults**-Do you have an older child, or even an adult child, who is struggling spiritually? It is never too late for God to use you to help your children grow in their walk with God.

**Jeannie Fulbright-Homeschooling Methods That Win & Methods That Wipe Out**-Hear how many homeschool moms employ philosophies and methodologies that consume a great deal of time and energy with little result. Identify wasteful methods and find winning ones.

**Becky Cooke-Important Pit Stops During High School**-Learn benefits and sources for outside classes, tips for college search and application, alternatives to traditional college, and resources for careers and post high school employment.

**Vicki Bentley-When Life Broadships Your Homeschool** -You had a wonderful plan at the beginning of the school year. But then . . . *life* happened. How do you find "normal" again? Focus on the essentials when you're on the frontlines, especially in a crisis situation.

**John Notgrass-Building a Kingdom: The Life of Alfred the Great**-During the 9th century, Alfred successfully challenged waves of Viking raiders and promoted religion and education. Dressed in medieval attire, John relates Alfred's story in a first-person narrative.

**Kelli Christenberry-Great Literature and Living Books: Breathing New Life and Interest Into Any Curriculum** –Are textbooks stuffing your student with just the facts or capturing his interest? We will practice and discuss meaningful ways to improve your curriculum by incorporating literature and living books that give your child 'captain ideas' and encourage life-long learning.

**Hope Ware-Homeschooling Boys**-Boys are different than girls! Gravity has no meaning. Legible penmanship is a matter of opinion. In this session we'll talk about challenging boys to dream big, conquer obstacles, love learning, and change the world!

**Tommy Mitchell-Stem Cells & Cloning**-Issues raised by stem cells and cloning are hot topics with enormous moral ramifications. Christians needs this information to avoid letting the popular media and educational system control their thinking. (*High School – adult*)

## Session 8 3:00-4:00 pm

**Rob Rienow-Building a Christian Worldview in Your Children**-We live in a world filled with lies. What does it take to teach our children the truth and to ground them in the truth of God's Word?

**Phillip Telfer-Showing of the Documentary Film, "Captivated"**

**John Notgrass-Once in a Lifetime Opportunities**-Sharing from his journey through the loss of a child, John encourages parents to celebrate life as a series of once-in-a-lifetime opportunities.

**Vicki Bentley-Jumpstart to Joyful Motherhood (Psalm 113:9)**-Come learn six steps to guide you to the joyful path! We will also discuss practical strategies to help us stay "tuned up."

**Craig Hane-College Bound STEM Students' Math Needs**-Understand the deficiencies of the standard math curriculum and get tools to ensure your student's success at the college level and beyond.

**James Glenn-Launching the "Next Greatest Generation"**-Those who face the adversity of the current culture will have a powerful impact. Our children's generation is labeled the "Me Generation", but we say that they will be the NEXT greatest generation.

**Sharon Jeffus-Teaching the Creatively Gifted**-addresses the character traits of the creatively gifted and how to maximize their learning experience; get information on a variety of programs available to inspire these children.

**YAngela Beddingfield-DNA- You Get What You Get**-Do you have brown hair? Blue eyes? Bring your phenotypes and your homologous pairs and we'll investigate and experiment with DNA-including extracting our own! A follow up to session one on cells.

**REGISTRATION:** Register your family online at [www.apachecentralillinois.org](http://www.apachecentralillinois.org). Or you can print the registration form and mail it with a check to:

## SATURDAY

**Dr. Rob Rienow's** most important ministry is loving his wife, Amy, and leading their seven children to love God. He is a pastor, author, and founder of Visionary Family Ministries ([www.VisionaryFam.com](http://www.VisionaryFam.com)).

**Join us Friday evening at 6:30 pm for  
Rob's Keynote Session**

Your Family and God's Plan for the World

What can one family do to reach the world? Throughout the Bible, God connects His Great Commission with the institution of the family. What happens in your home on a daily basis is directly connected with God's plan for the world! In this keynote message, Dr. Rienow will walk through the Bible – connecting family and the Great Commission – to encourage you in the call to home discipleship.

**Jeannie Fulbright** is a mother of four and the author of Apologia's Young Explorer Series. After graduating from the University of Texas in 1991, she married her husband, Jeff, who is an attorney in Georgia. Throughout their marriage, Jeannie and Jeff have dedicated time to teaching and encouraging families. Jeannie began speaking and writing in college as a sportscaster. Following graduation, her writing and speaking focused on building up the Christian commun-

ity through teaching marriage and parenting classes and writing Bible studies. After her homeschool journey began, Jeannie discerned an immense need for Creation-based, scientifically sound, engaging, and easy-to-use science curricula. And so the Young Explorer Series was born. Though her primary and most consuming occupation is educating her four children, ranging from elementary through high school, she is committed to arming parents with creation science courses, speaking around the country, and writing as the Lord leads her. She is also working to complete her Master's in Biblical Studies. Jeannie's heart is to strengthen homeschoolers with the tools they need to finish the race with success. You can access many of her articles at [www.jeanniefulbright.com](http://www.jeanniefulbright.com) or subscribe to her blog at [www.jeanniesjournal.com](http://www.jeanniesjournal.com)

If you do not wish to receive future mailings from APACHE, please email us at [info@apachecentrallllinois.org](mailto:info@apachecentrallllinois.org) to be removed from our mailing list. Thank you!
